WHAT HAPPENS WHEN A COMPLAINT IS FILED AGAINST AN MD, PA, OR AA?

By Paul Kovnat, M.D., Board Chair

Anyone can file a written complaint alleging a violation of the NM Medical Practice Act against a physician (MD, physician assistant (PA) or anesthesiologist assistant (AA) licensed in New Mexico. The New Mexico Medical Board (Board) investigates all complaints over which it has jurisdiction.

The Board investigative staff opens a case and conducts a preliminary investigation. As part of the preliminary investigation, the MD, PA, or AA named in the complaint is usually notified that a complaint has been filed and invited to provide a written response. The investigator may also request medical records, exam records and other supporting documentation. If necessary, the Board may use its subpoena power to obtain the necessary records.

NOTE: All records obtained for use in an investigation are *confidential* pursuant to Section 61-6-34 of the Medical Practice Act and not available to the public or the complainant unless the matter goes to a formal hearing.

The next step in the process is for the investigator to present the case to a Complaint Committee, usually consisting of 2 board members. The committee members review all the information and prepare a recommendation to the entire 9-member Board. At this time, the case is referred to by case number and only the members of the Complaint Committee know the name of the complainant and the MD, PA, or AA. Members of the complaint committee abstain from the vote of the entire Board.

If the Board votes to close the case, the complainant and the MD, PA, or AA are so notified. All communications relating to the closed case remain confidential and are not public records.

If the Board votes to issue a Notice of Contemplated Action (NCA) or take other formal disciplinary action, the licensee is notified of the allegations and of their rights to an attorney, a public hearing to call witnesses on his or her behalf, and to cross-examine the complainant.

After the hearing, the Board votes on whether or not the licensee has violated the Medical Practice Act. If a violation has occurred, the Board may discipline the licensee, including revoking the license to practice. Within the last 3 years, the Board has investigated 596 complaints, the great majority of which were closed. Twenty-four (24) licenses were restricted and two (2) licenses were revoked.

**IMPORTANT ADDRESS
CHANGE INFORMATION**

The address the Board has on file for you is what **you** provide us. If you give us only a home address and no work address, then your home address is what we will use as your mailing address ... it's also the address we will post on the web site (www.nmmb.state.nm.us) and include in the roster. Similarly, the specialty information we have is what **you** have provided us.

If you have provided the Board with both a home address and a business address, it is very important that you specify which address you are changing and to specify which address you want the Board to use as your mailing address. So please check the roster or the Board's web site and see what information we have for you. If it is incorrect, or you would like to add a practice address or specialty, you'll need to let us know *in writing, by fax, letter, or e-mail.*

Address changes may be provided to Board Staff over the telephone, yet we will request that applicants or licensees follow-up the phone conversation with an e-mail, fax, or letter verifying the address change.
